SEA MARITIME SERVICES

Introduction

20 Years Dedicated to Service

Sea Maritime Services (SMS), established in 2005, has grown into one of Bangladesh's premier maritime and logistics service providers. Starting with vessel clearance and shipping agency operations at Chittagong Port, SMS has expanded its capabilities to cover a wide spectrum of services including cargo handling, project logistics, inland and river transport, bunkering and fuel supply, vessel provisions, and offshore support.

With over a decade of proven expertise, SMS has built long-standing partnerships with both local and international clients in the shipping, energy, infrastructure, and industrial sectors. Guided by innovation, sustainability, and a commitment to reliability, SMS continues to deliver tailor-made solutions that ensure efficiency, safety, and value at every stage of the maritime supply chain.

ABOUT COMPANY

Founded in 2005, Sea Maritime Services (SMS) has grown into one of the premier maritime and logistics service providers in Bangladesh. Initially focusing on shipping agent services for vessel clearance and marine equipment handling at Chittagong Port, SMS has diversified its operations significantly, establishing a reputation for providing world-class shipping, logistics, customs clearing, project cargo handling, and other related services.

With a decade-long track record of success and commitment, SMS has become an essential partner for both local and global clients across a variety of industries, including shipping, energy, infrastructure, and construction. The company provides a full range of maritime solutions, from routine vessel operations and bunkering services to handling complex project logistics and transport solutions.

OUR MISSION

At Sea Maritime Services, our mission is to go beyond traditional shipping solutions by offering integrated, innovative, and sustainable maritime services. We are dedicated to creating value for our clients, supporting global trade, and setting new standards in efficiency, safety, and reliability.

To deliver seamless maritime services by fostering strong relationships with customers, leveraging cutting-edge technology, and maintaining high operational standards. Sea Maritime Services is dedicated to providing comprehensive, tailor-made solutions that cater to the diverse needs of clients across all sectors of the maritime industry.

OUR VISION

At Sea Maritime Services (SMS), our mission is to provide seamless, innovative, and sustainable maritime solutions that create lasting value for our clients and stakeholders. We are dedicated to ensuring operational excellence by maintaining efficiency, safety, and reliability across all our services.

By placing customer satisfaction at the heart of everything we do, we build trusted partnerships that strengthen over time. Through the adoption of modern technology and best practices, we continuously improve our service quality to meet the evolving needs of the maritime industry.

With a focus on global growth and sustainability, SMS is committed to delivering solutions that not only support international trade but also promote responsible business practices for the long-term development of the industry.

COMPANY CORE VALUES

At SMS, our core values guide every decision and action we take. They reflect our commitment to integrity, customer satisfaction, operational excellence, and sustainable growth. By fostering innovation, collaboration, and accountability, we ensure that our services consistently deliver value, reliability, and trust to clients and partners worldwide.

Integrity – Upholding honesty, transparency, and ethical practices in all operations.

Customer Focus – Prioritizing client needs and delivering solutions that exceed expectations.

Operational Excellence – Ensuring efficiency, reliability, and safety across every service.

Innovation – Embracing technology and creative solutions to stay ahead in the maritime industry.

Sustainability – Promoting environmentally responsible practices and long-term growth.

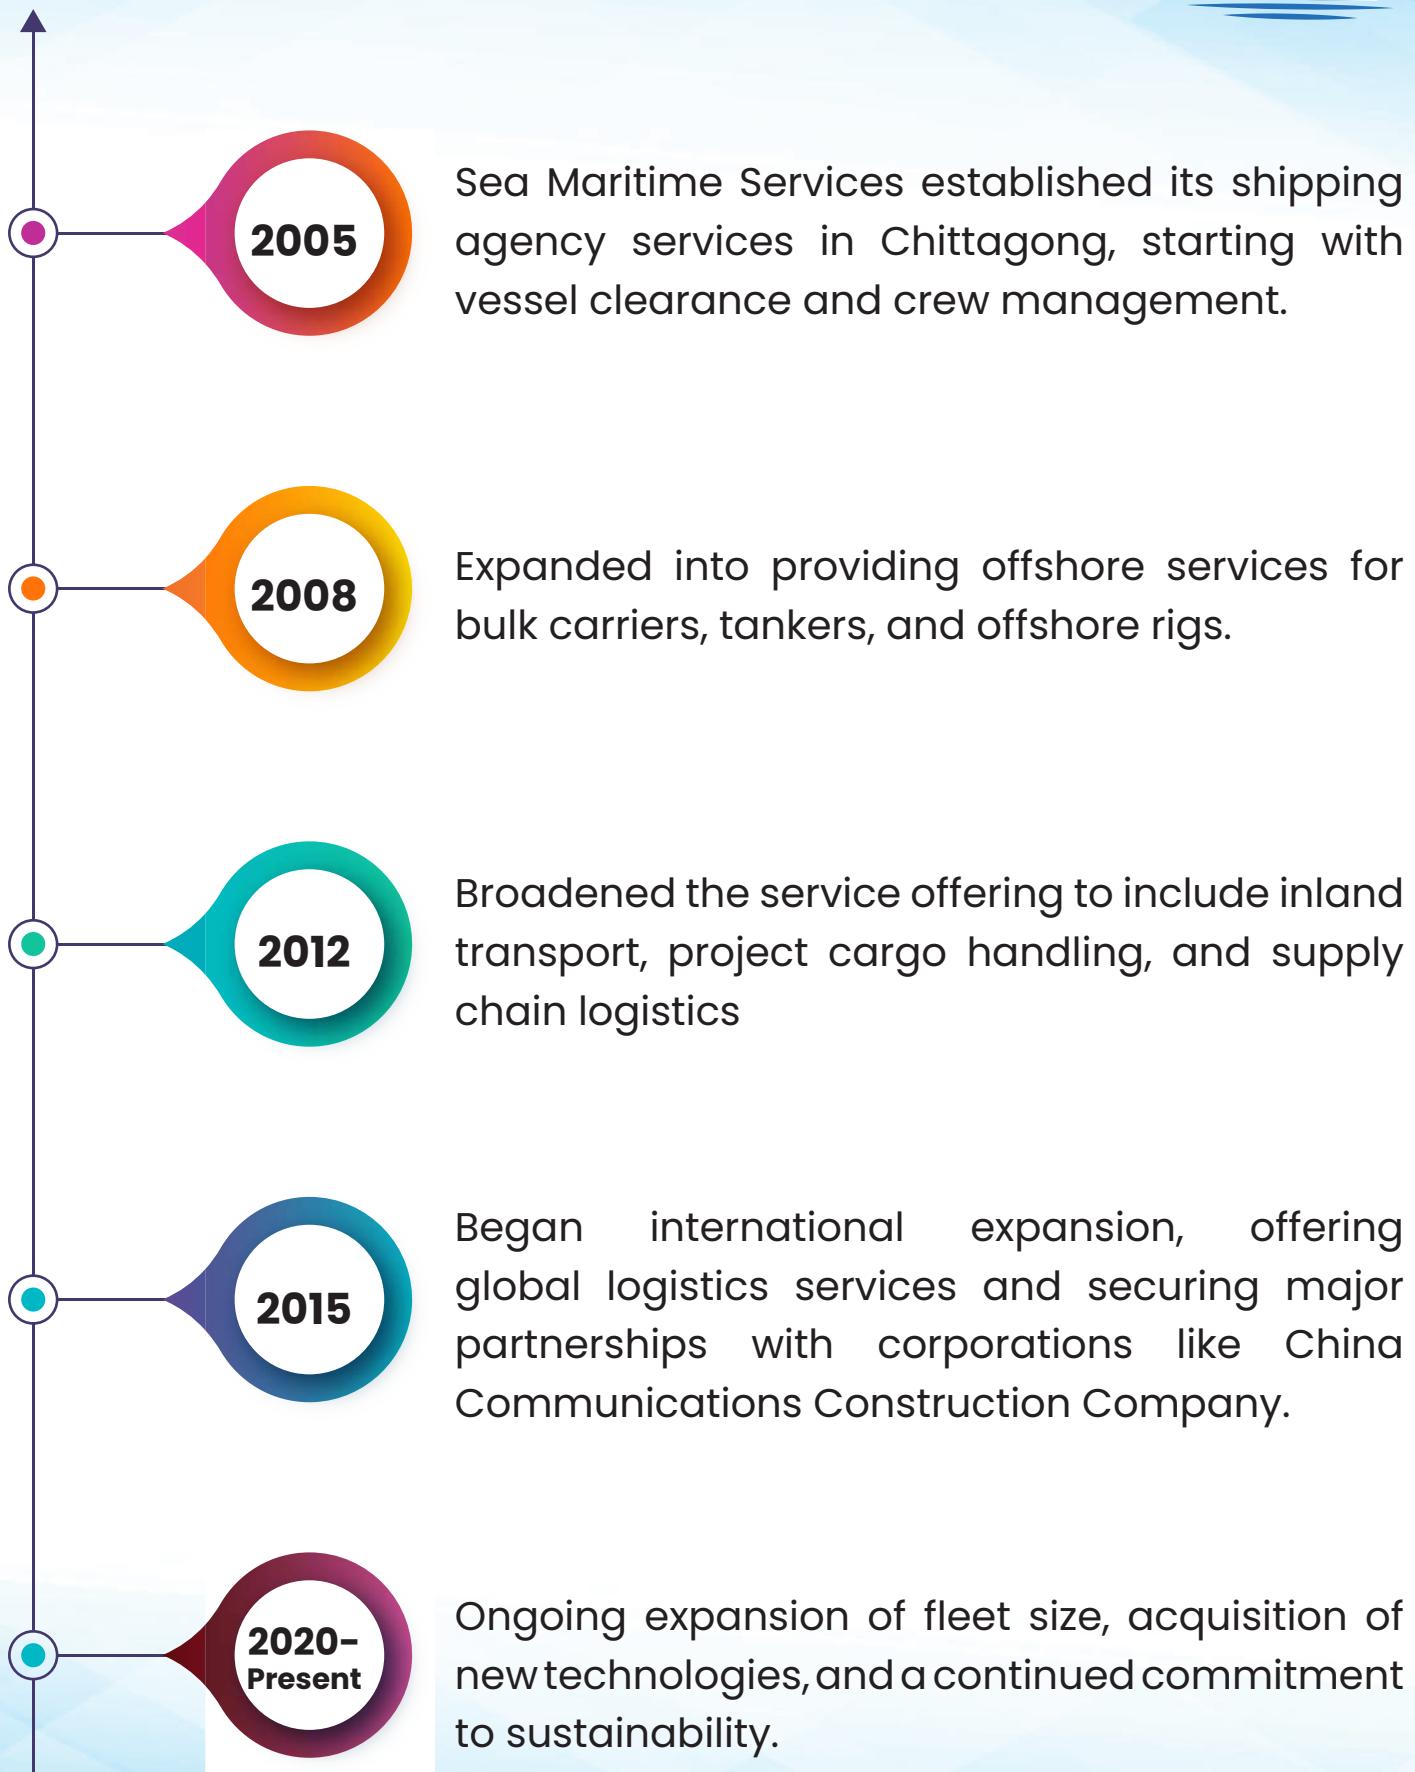

Collaboration – Building strong partnerships with clients, stakeholders, and employees.

Accountability – Taking responsibility for actions, results, and commitments.

**SEA MARITIME
SERVICES
STONE**

STONE CARGO HANDLING

Sea Maritime Services (SMS) has established itself as a trusted leader in the handling, transport, and logistics of stone and construction materials, supporting the rapidly growing demands of infrastructure, housing, and industrial development projects in Bangladesh and international markets. With decades of experience in managing bulk and break-bulk cargo, SMS delivers end-to-end solutions that ensure stone shipments are handled with precision, safety, and efficiency at every stage of the supply chain.

From sourcing and port operations to inland transportation and final delivery, SMS provides seamless logistics coordination to guarantee timely and cost-effective movement of stone materials. Our expertise covers everything from bulk stone aggregates and crushed materials to oversized stone blocks and heavy construction elements, ensuring that each consignment is managed with the right equipment, skilled workforce, and operational planning.

By leveraging a strong network of road, river, and barge transport solutions, SMS ensures that stone cargo moves smoothly across Bangladesh's diverse terrains, reaching quarries, factories, construction sites, and remote project locations. In addition, our commitment to safety, sustainability, and efficiency makes us a reliable partner for contractors, developers, and infrastructure companies who rely on stone and construction materials as the backbone of their projects.

With its comprehensive expertise and integrated logistics solutions, SMS guarantees that every stone cargo shipment, whether for local development or international trade, is delivered securely, on schedule, and in full compliance with industry standards.

Sea Maritime Services (SMS) specializes in the handling, transport, and logistics of stone and construction materials, serving the growing demands of infrastructure and development projects in Bangladesh and beyond. With extensive expertise in both bulk and break-bulk cargo, SMS ensures the smooth movement of stone shipments from quarries to project sites or final destinations.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Bulk Stone Import & Export

SMS expertly manages the complete process of importing and exporting stone cargo, including limestone, granite, sandstone, and aggregates. Our team coordinates with international suppliers, shipping lines, and local port authorities to streamline documentation, customs clearance, and delivery scheduling.

With established operations at Chittagong and Mongla seaports, we guarantee smooth port handling and timely execution, making us a trusted partner for both domestic and international trade.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Unloading & Stevedoring Operations

Equipped with advanced cranes, grabs, forklifts, and specialized handling equipment, SMS provides efficient unloading services for bulk carriers, feeder vessels, and barges. Our professional stevedores are trained to handle high-volume and heavy stone cargo with precision, ensuring that discharge

operations are carried out swiftly while minimizing material loss, spillage, and turnaround time at ports.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Storage & Stockpiling

SMS offers secure and well-organized storage facilities both at portside yards and inland depots. We implement structured stockpiling processes to prevent contamination, wastage, or weather-related damage to stone cargo. With scalable storage capacity, we can accommodate both small and large volumes, giving clients flexibility in managing their supply chain.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Inland Transportation & Distribution

With a strong and reliable road and river transport network, SMS delivers stone cargo across Bangladesh, including remote and hard-to-reach project locations. Depending on requirements, cargo is transported using heavy-duty trucks, specialized trailers, or barges. Our integrated system ensures timely deliveries to factories, construction sites, and distribution hubs, offering cost-effective solutions while maintaining the highest standards of safety and compliance.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Handling Oversized Stone & Construction Aggregates

Large stone blocks and heavy construction aggregates require specialized logistics planning. SMS provides tailored solutions including heavy-lift cranes, low-bed trailers, and escort services to safely transport oversized materials. We manage all necessary permits and regulatory requirements, ensuring compliance with transport laws and guaranteeing safe, damage-free delivery.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Project Coordination & Supply Chain Management

Beyond transportation, SMS acts as a strategic logistics partner for construction and infrastructure companies. Our team provides end-to-end project support by coordinating with quarries, suppliers, shipping lines, customs authorities, and project managers. From import clearance to last-mile delivery, we ensure that every link in the supply chain is managed seamlessly, enabling contractors to focus on project execution without logistical bottlenecks.

COMPREHENSIVE SERVICES IN STONE CARGO HANDLING

Quality Control & Material Inspection

At SEA MARITIME SERVICES, we recognize that stone and construction materials must meet strict specifications to support infrastructure and development projects effectively. To ensure quality and reliability, we implement a thorough inspection and quality control process at every stage of handling. From the moment cargo is unloaded at the port, our team collaborates with certified surveyors and testing agencies to assess material quality, size, grade, and moisture content.

We conduct visual inspections, sampling, and testing to verify that the stone meets client and industry standards. During storage, our procedures prevent contamination, mixing of different grades, or deterioration caused by weather exposure. Before dispatch, we perform a final inspection to guarantee that only approved materials are delivered to the client's site.

This rigorous quality assurance framework ensures that clients receive consistent, reliable, and project-ready stone materials, minimizing delays and reducing risks in large-scale construction projects.

Why Choose SEA MARITIME SERVICES for Stone Cargo Handling?

- **Proven Experience** – Decades of expertise in bulk and project cargo handling.
- **Strong Port Presence** – Established operations at major ports with skilled manpower.
- **Integrated Logistics** – Road, river, and barge transport solutions under one roof.
- **Cost-Effective Solutions** – Optimized cargo movement to reduce overall logistics costs.
- **Reliability & Safety** – Commitment to safe handling, on-time delivery, and minimal cargo loss.
- **Sustainability Focus** – Environmentally responsible practices in cargo handling and transport.

**SEA MARITIME
SERVICES
COAL**

COAL HANDLING & LOGISTICS

Sea Maritime Services (SMS) is a trusted partner in the import, transport, and logistics of coal, catering to the energy, cement, and industrial sectors of Bangladesh. With a deep understanding of the country's power and infrastructure needs, SMS ensures seamless handling of coal cargo from international suppliers to power plants, factories, and end-users. Our services cover every stage of the supply chain – from port handling to inland distribution – with a focus on safety, efficiency, and cost-effectiveness.

We understand the critical importance of coal as a key resource for Bangladesh's economic and industrial growth. From sourcing and import coordination to end-user delivery, our team ensures that every stage of the coal supply chain is managed with precision, safety, and efficiency.

COAL HANDLING & LOGISTICS

1. Bulk Coal Import & Export

Sea Maritime Services (SMS) offers end-to-end solutions for coal import and export, ensuring seamless movement from international suppliers to local industries. With strong global and regional partnerships, we coordinate directly with leading coal producers, exporters, and shipping companies to guarantee consistent supply, competitive pricing, and timely delivery.

Our expertise covers the handling of different grades of coal, including:

- Thermal Coal – primarily used in power plants for electricity generation.
- Coking Coal – essential for steel and metallurgical industries.
- Steam Coal – widely used across industrial boilers and cement factories.

To serve clients with efficiency, SMS maintains a robust operational presence in Bangladesh's key maritime gateways – Chittagong Port, Mongla Port, and Payra Port. With strong coordination between port authorities, customs, and transport providers, we ensure hassle-free clearance, unloading, and dispatch of coal cargo.

COAL HANDLING & LOGISTICS

2. Unloading & Stevedoring

- Equipped with grab cranes, conveyors, and unloading systems to discharge coal efficiently from bulk carriers, barges, and feeder vessels.
- Experienced stevedoring teams ensure fast, safe, and low-loss handling.
- Dust and spillage control measures to maintain environmental safety.

3. Stockpiling & Storage Solutions

- Dedicated coal storage yards near ports and inland hubs.
- Proper stacking techniques to reduce self-combustion risks and wastage
- Covered storage options for clients requiring protected coal inventory.

COAL HANDLING & LOGISTICS

4. Inland Transportation

Sea Maritime Services (SMS) offers end-to-end solutions for coal import and export, ensuring seamless movement from international suppliers to local industries. With strong global and regional partnerships, we coordinate directly with leading coal producers, exporters, and shipping companies to guarantee consistent supply, competitive pricing, and timely delivery.

Our expertise covers the handling of different grades of coal, including:

- Thermal Coal – primarily used in power plants for electricity generation.
- Coking Coal – essential for steel and metallurgical industries.
- Steam Coal – widely used across industrial boilers and cement factories.

To serve clients with efficiency, SMS maintains a robust operational presence in Bangladesh's key maritime gateways – Chittagong Port, Mongla Port, and Payra Port. With strong coordination between port authorities, customs, and transport providers, we ensure hassle-free clearance, unloading, and dispatch of coal cargo.

COAL HANDLING & LOGISTICS

5. Coal Blending & Handling Oversized Shipments

- Facility for coal blending to meet client-specific quality requirements.
- Special handling for large volume shipments requiring heavy-lift barges or multiple consignments.

6. End-to-End Supply Chain Management

- Full coordination of import documentation, customs clearance, and port authority approvals.
- Project-specific logistics planning for long-term supply contracts.
- Strong focus on cost efficiency, safety, and timely deliveries.

**BUNKER &
LUBRICANT
OIL**

SEA MARITIME BUNKERING SERVICES

Bunkering facilities are readily available at our ports, supported by a highly skilled and experienced team committed to ensuring seamless stem operations and fast, efficient delivery of bunkers and lubricants. Our operational capability allows us to handle vessels of all sizes with precision, ensuring minimal turnaround time and uninterrupted sailing schedules for our clients.

Our long-term sales and purchase agreements with major Bangladesh oil product companies have significantly strengthened our supply chain, enabling us to provide a secure, consistent, and reliable source of fuel and gas oil. These strategic partnerships reinforce our credibility in the market and ensure that our clients receive high-quality products at competitive prices. Through these strong collaborations and our robust infrastructure, we have established a prominent and trusted position as a physical supplier of bunker fuel, delivering value, reliability, and confidence to every vessel we serve.

BUNKER SUPPLIER NETWORK

Sea Maritime Services (SMS) – Chittagong Port Oil Supply Activities

Sea Maritime Services (SMS) is a leading provider of marine fuel and lubricant solutions at Chittagong Port, one of Bangladesh's busiest and most strategic maritime hubs. With a strong focus on reliability, efficiency, and compliance, SMS caters to a wide range of vessels, including container ships, tankers, bulk carriers, and offshore support vessels.

- **Bunkering Services:** Safe and timely delivery of marine fuels such as RME 180, RMG 380, MGO (DMA), MDO (DMB), and HSD, ensuring uninterrupted vessel operations.
- **Lubricant Supply:** High-quality lubricants for main engines, auxiliary engines, and other machinery, sourced from trusted suppliers.

Chittagong Port – The principal maritime gateway of Bangladesh, offering wide access and continuous operational support.

BUNKER SUPPLIER NETWORK

Sea Maritime Services (SMS) – Mongla Port Oil Supply Activities

Sea Maritime Services (SMS) is a leading provider of marine fuel and lubricant solutions at Chittagong Port, one of Bangladesh's busiest and most strategic maritime hubs. With a strong focus on reliability, efficiency, and compliance, SMS caters to a wide range of vessels, including container ships, tankers, bulk carriers, and offshore support vessels.

- **Efficient STEM Operations:** Skilled teams and modern infrastructure allow quick handling, reduced waiting times, and accurate operational documentation.
- **Compliance & Quality Control:** All fuels and lubricants supplied meet ISO specifications and global marine regulations, ensuring safety, performance, and environmental compliance.

Mongla Port (Khulna) – A strategically located port with expanding facilities and smooth bunkering coordination.

ONGOING OIL PRODUCT SUPPLY

RME 180 and RMG 380 are reliable Intermediate Fuel Oils providing stable combustion and efficient performance for marine engines.

RME 180

Intermediate Fuel Oil (IFO) with a viscosity of 180 Centistokes, suitable for medium-speed and large marine engines requiring stable combustion.

RME 380

Intermediate Fuel Oil (IFO) with a viscosity of 380 Centistokes, widely used in ocean-going vessels for its efficiency and cost-effectiveness.

Fuel Oil Specification:

- **IFO 180** CST as per ISO fuel Standard 8217:2005(E)-ISO-F-RME-180
- **IFO 380** CST as per ISO fuel standard 8217:2005 (E), Third Edition 2005- 11-01 for Fuels (class F) ISO -F- RMG 380 Specification for marine fuels

ONGOING OIL PRODUCT SUPPLY

MGO (DMA), MDO (DMB), and HSD are high-quality marine fuels that ensure clean combustion, efficient performance, and reliable operation across various marine engines and auxiliary systems. All fuel delivery compliance with Marpol 73/78 Annex VI.

MGO (DMA)

Marine Gas Oil meeting ISO DMA specifications, ideal for low-sulphur operations and engines needing cleaner, high-purity distillate fuels.

MDO (DMB)

Marine Diesel Oil formulated for marine engines and auxiliary equipment requiring dependable, mid-range distillate fuel performance.

HSD

High Speed Diesel recognized for its clean burn characteristics, superior ignition quality, and reliable usage in high-speed marine and industrial engines.

Marine Fuel Specification:

- **ISO-F-DMA / DMB / DMC** defines the quality requirements for distillate marine fuels used in marine engines.

OUR HONORABLE BUNKER CLIENT LIST

Our bunker clients consist of credit-worthy shipowners, operators, and charterers who rely on us for timely, secure, and high-quality marine fuel and lubricant supplies. We prioritize long-term relationships and consistent service.

FUEL DELIVERY PROJECT

Sea Maritime Services (SMS) delivers marine fuels using its own oil tankers, ensuring secure and timely supply to vessels. Our oil tanker, "O.T Khoaj Khijir-2", is officially enlisted with the Bangladesh Petroleum Corporation (BPC) under Jamuna Oil Company Ltd. (JOCL), reinforcing our credibility and operational reliability in the maritime fuel supply sector.

- **Own Fleet of Oil Tankers:** Operate with full control over logistics, scheduling, and delivery quality.
- **Flagship Vessel:** "O.T Khoaj Khijir-2" is BPC-enlisted under JOCL, ensuring compliance with national regulations.
- **Secure Fuel Supply:** Direct tanker delivery minimizes third-party dependency and ensures consistent availability for clients.
- **Timely Operations:** Skilled crew and coordinated logistics enable fast stem operations, reducing vessel waiting times.
- **Quality Assurance:** Fuel delivered meets international standards and ISO specifications for marine fuels.
- **Coverage Across Ports:** Supports bunkering services at Chittagong Port and Mongla Port (Khulna), catering to various types of vessels.
- **Customer-Focused Service:** Tailored fuel delivery solutions for credit-worthy clients, long-term partners, and operators seeking secure and reliable supply.

OUR SERVICES

OUR SERVICES

Sea Maritime Services prides itself on its extensive range of maritime services that address the various needs of its clients. Below is an in-depth description of the company's primary services:

SHIPPING AGENCY SERVICES

SMS has established itself as a comprehensive shipping agent, handling a full spectrum of services for vessels and cargo. The key activities involved include:

1. Vessel Clearance and Management:

- Securing berths for incoming ships and arranging pilot and tug services.
- Handling all essential shipping documentation, including Bills of Lading and permits for loading and unloading operations.
- Providing all necessary services such as arranging crew sign-on and sign-off, medical assistance, and provisions.

OUR SERVICES

SHIPPING AGENCY SERVICES

2. Cargo Handling:

- Managing dry and liquid cargo loading and unloading operations at all Bangladesh ports and oil terminals.
- Providing comprehensive stevedoring services, cargo tallying, and handling heavy or oversized cargo.
- Arranging for cargo transport and ensuring smooth discharge from ports to final destinations.

3. Bunkering and Fuel Supply:

- Sea Maritime Services offers bunkering services, including the supply of fuel and lubricants, with a special focus on marine gas oil (MGO) and marine diesel oil (MDO).
- Through partnerships with the Bangladesh Petroleum Corporation, SMS ensures uninterrupted fuel supply for ships in key ports such as Chittagong and Mongla.

OUR SERVICES

SHIPPING AGENCY SERVICES

4. Repairs and Maintenance:

- Coordination of afloat repairs at anchorage, deck repairs, engine servicing, and hull inspections.
- Partnering with local and international repair facilities for timely and efficient maintenance work.

5. Protection and Charterer's Agency:

- Acting as an owner's agent, protecting agent, or charterer's agent, ensuring compliance with all relevant regulations.
- Handling the logistics of vessels arriving for scrapping, demolition, or repairs.

6. Offshore Vessel Support:

- Managing the clearance of offshore vessels, providing repairs and supplies at sea, and ensuring effective coordination between offshore platforms and port authorities.

OUR SERVICES

PROJECT CARGO SERVICES

SMS provides specialized solutions for transporting large-scale, heavy, or complex project cargo, including machinery, industrial equipment, and components. Their offerings include

1. Custom Routing and Surveys:

- Advising clients on the selection of suitable ports, routes, and roads for transporting project cargo.
- Conducting route surveys to assess and address any obstacles or legal restrictions for transporting heavy cargo.

2. Coordination with Suppliers and Receivers:

- Close coordination with suppliers, transporters, and cargo receivers to ensure smooth and timely cargo handling.
- Offering on-site supervision and assisting with unloading and positioning of cargo at project sites.

3. Cargo Handling & Lifting:

- Arranging for heavy lift cranes, specialized equipment, and handling services to ensure safe delivery of oversized or delicate project materials.

4. Transshipment and Transport Solutions:

- o Managing transshipment processes, coordinating with other vessels or barges for transporting project cargo to distant locations.

5. Logistical Coordination:

- o Ensuring that all necessary equipment, permits, and services are in place for the efficient movement of project cargo across multiple transport modes.

OUR SERVICES

LOGISTICS AND INLAND TRANSPORT

Sea Maritime Services offers integrated road and river transport services to move cargo across Bangladesh's challenging terrains. This service is designed to cater to bulk and containerized cargo, offering solutions for both part-load and full-load shipments.

1. Road & River Transport

- Regular transportation for bulk goods, containers, project cargo, and specialized materials.
- Solutions for moving goods via modern trucks, trailers, and inland vessels, ensuring safe and timely deliveries.
- Flexible routing options by road or river based on urgency, cargo type, and destination.
- Extensive coverage across Bangladesh, including remote project locations, industrial hubs, and inland depots.
- Door-to-door delivery services with full coordination between ports and project sites.
- Use of GPS-enabled tracking systems for transparency and real-time cargo monitoring.
- Ensuring compliance with road safety standards and cargo handling regulations.

2. Barge Transport Services

- Cost-effective and eco-friendly transport option for less time-sensitive cargo
- Serving as an alternative to congested roadways by leveraging Bangladesh's inland waterways.
- Regular barge services between Chittagong, Mongla, Narayanganj, and other inland river ports.
- Use of barges for temporary storage solutions, reducing dependency on warehouses.
- Capable of handling bulk commodities, stone cargo, steel, cement, and containerized goods.
- Heavy-lift barge solutions available for oversized cargo and project equipment.
- Reduced fuel costs and lower environmental footprint, supporting sustainable logistics.

3. Value-Added Inland Logistics Support

- Customs clearance assistance and port documentation for smooth cargo flow.
- Cargo consolidation and deconsolidation for part shipments.
- End-to-end supply chain coordination between seaports, depots, and final destinations.
- Risk management and cargo insurance support to safeguard client interests.
- Dedicated project logistics services for infrastructure and industrial development projects.

FLEET & EQUIPMENT

The company operates a modern and versatile fleet of vessels and equipment, ensuring the ability to handle various types of cargo. SMS's fleet includes:

- **33 Lighter Vessels** for bulk and general cargo transportation.
- **1 Oil Tanker** for bunkering services.
- **2 Dumb Barges** equipped with 75MT crawler cranes for heavy lift cargo operations.
- **Specialized Vessels and Heavy Equipment** including tugs, wheel loaders, and a variety of cranes.

SUSTAINABLE DEVELOPMENT GOALS (SDGS)

Sea Maritime Services is committed to contributing to the achievement of the United Nations Sustainable Development Goals (SDGs), focusing on key areas such as environmental responsibility, social impact, and economic growth. The company's sustainable initiatives are in alignment with the following SDGs:

1. SDG 7: Affordable and Clean Energy –
By investing in cleaner fuel options, SMS aims to reduce the carbon footprint of its bunkering and shipping services, making them more energy-efficient and environmentally friendly.

8 DECENT WORK AND ECONOMIC GROWTH

2. SDG 8: Decent Work and Economic Growth – Sea Maritime Services focuses on providing stable, well-paying jobs to local communities, contributing to economic development in Bangladesh. The company also invests in the training and development of its workforce, ensuring high standards of operation.

3. SDG 9: Industry, Innovation, and Infrastructure – SMS supports infrastructure development projects across Bangladesh, including energy, manufacturing, and transportation. The company's project cargo services help move key infrastructure materials to construction sites.

SUSTAINABLE DEVELOPMENT GOALS (SDGS)

4. SDG 12: Responsible Consumption and Production – SMS works to minimize waste and maximize resource efficiency in all its operations, promoting sustainable practices in shipping, transport, and fuel consumption.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

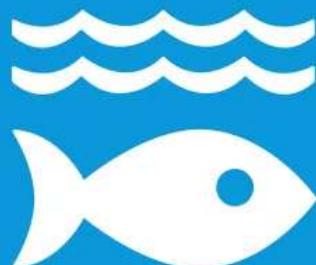

13 CLIMATE ACTION

5. SDG 13: Climate Action – The company is actively working to reduce the environmental impact of its operations by using more eco-friendly transport solutions, such as barges and optimizing fuel consumption to lower emissions.

6. SDG 14: Life Below Water – As a maritime service provider, SMS adheres to environmental regulations designed to protect marine ecosystems, reducing pollution and supporting marine conservation efforts.

14 LIFE BELOW WATER

CORPORATE GOVERNANCE AND ETHICAL PRACTICES

Corporate governance and ethical practices are integral to the operations of Sea Maritime Services. The company ensures that its activities align with international best practices and local regulations, focusing on transparency, accountability, and fairness in all dealings. SMS is committed to maintaining a high standard of corporate governance by adhering to strict policies that promote ethical conduct within its operations.

The company operates with a focus on maintaining long-term business relationships and achieving client satisfaction, which is reflected in its impeccable record of compliance with regulatory authorities. SMS is a member of several national and international shipping bodies, including the Bangladesh Shipping Agent Association, which further strengthens its credibility in the industry.

Key Governance Practices:

- Regular internal audits to assess and improve operational efficiency and compliance.
- Transparent contract agreements with clients, partners, and employees to ensure clarity in business dealings.
- Environmental, Social, and Governance (ESG) standards integrated into the company's operational and decision-making processes.
- A dedicated compliance team to monitor adherence to shipping, safety, and environmental regulations.

SUPPLY CHAIN MANAGEMENT AND INTEGRATION

Sea Maritime Services' approach to supply chain management involves integrating various functions and technologies to optimize processes, from procurement to final delivery. By managing logistics from end to end, SMS can ensure the timely and efficient delivery of goods and services to its clients. The company works with a robust network of suppliers, carriers, and other service providers to create customized, cost-effective solutions for its clients.

The company's inland transport services play a crucial role in supporting supply chain logistics, particularly for businesses that need to move heavy or bulky cargo across difficult terrains. Whether it's by road or river, SMS offers reliable transport services that complement its maritime operations.

Key Elements of SMS's Supply Chain Management:

- Real-time tracking systems that ensure customers can monitor their shipments throughout the transportation process.
- Long-term partnerships with suppliers and service providers to ensure consistency and reliability in the supply chain.
- Efficient cargo handling systems at ports to speed up loading and unloading processes.
- A dedicated team that liaises with customs, port authorities, and other stakeholders to streamline the flow of goods and ensure regulatory compliance.

By focusing on a cohesive and transparent supply chain strategy, SMS has built a strong reputation as a trusted provider of integrated shipping and logistics solutions.

CLIENT RELATIONSHIP STRATEGY

At the core of Sea Maritime Services' success is its ability to build and maintain strong relationships with its clients. The company's commitment to customer satisfaction is evident in its personalized approach to service delivery, ensuring that each client's unique needs are met with tailored solutions. SMS's customer service team is always available to address concerns, provide updates, and make recommendations for improving logistics operations.

Client Relationship Focus:

- Personalized Service: SMS's team works closely with clients to understand their specific needs and customize solutions that meet their operational requirements.
- Communication and Transparency: The company prides itself on clear and open communication with clients, ensuring they are always informed about the status of their shipments or projects.
- Long-Term Partnerships: SMS values long-term business relationships and works toward building trust by consistently delivering on promises and maintaining high service standards.

TECHNOLOGICAL ADVANCEMENTS AND INNOVATION

As a forward-thinking organization, Sea Maritime Services is continuously investing in cutting-edge technologies to enhance its operational capabilities. Recognizing the impact of digital transformation on the shipping and logistics industry, SMS has adopted state-of-the-art systems to improve efficiency, security, and customer experience.

The company employs real-time tracking systems and automated cargo management software, allowing clients to track their shipments and monitor progress throughout the entire transportation process. This transparency has significantly improved customer satisfaction, as clients can easily access information regarding the status of their goods, anticipated delivery times, and any potential delays.

In addition to tracking systems, SMS is investing in data analytics tools to enhance decision-making. These tools help the company forecast trends, optimize routes, reduce costs, and predict potential issues in the supply chain. By leveraging big data, SMS can predict bottlenecks, manage fleet utilization more efficiently, and offer more accurate quotes to clients, ensuring both operational efficiency and enhanced client service.

SUSTAINABILITY AND ENVIRONMENTAL IMPACT

In alignment with global trends toward sustainable practices, Sea Maritime Services is actively committed to minimizing its environmental footprint. As a key player in the maritime sector, SMS recognizes the importance of reducing its carbon emissions, managing waste, and implementing green logistics practices. The company has integrated sustainability into its business model, ensuring that its operations meet both environmental and social responsibilities.

SMS's commitment to sustainability is reflected in the following initiatives:

1. Energy Efficiency:

- **Fleet Upgrades:** SMS is continuously working to upgrade its fleet to more energy-efficient vessels, reducing fuel consumption and minimizing emissions. The company has begun introducing vessels powered by cleaner technologies, such as LNG-powered ships and hybrid-electric systems to replace older, more polluting ships.
- **Fuel Optimization:** The company's bunkering operations use advanced algorithms to optimize fuel usage, ensuring that vessels are operating at peak efficiency. This reduces fuel consumption and cuts down on greenhouse gas emissions.

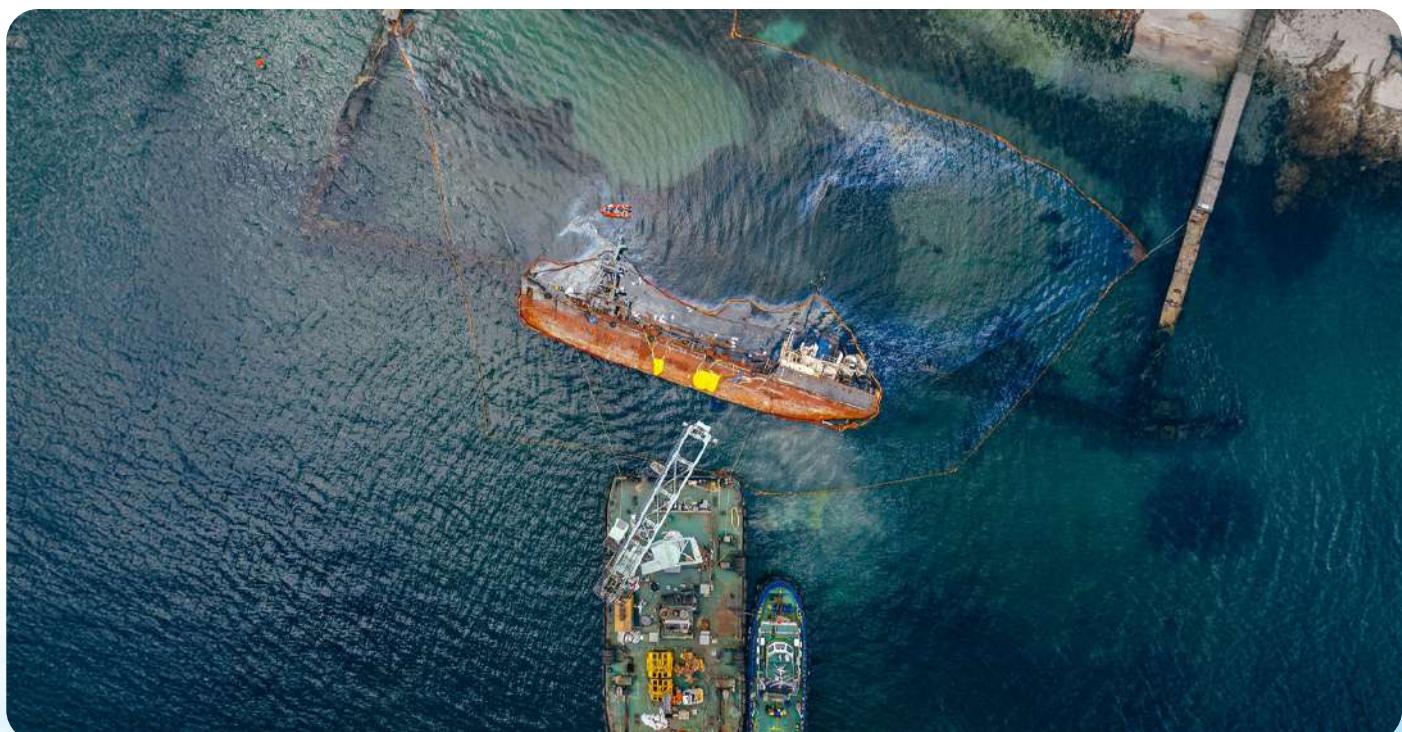

2. Waste Management:

- Recycling Initiatives: SMS operates with a strong focus on waste minimization. In ports and aboard vessels, the company has established recycling programs to manage waste generated during cargo operations. The company encourages reducing, reusing, and recycling materials wherever possible to minimize its environmental impact.
- Eco-Friendly Packaging: For clients requiring provision supplies, SMS ensures that all packaging used is recyclable or biodegradable, contributing to waste reduction.

3. Water and Emissions Control:

- SMS actively works to comply with international environmental standards such as the MARPOL 73/78 regulations for reducing marine pollution and harmful emissions from ships.
- Regular audits of vessels are conducted to ensure compliance with emissions control regulations. The company also invests in training and education to ensure that employees understand and uphold the highest environmental standards.

EMPLOYEE DEVELOPMENT AND TRAINING

Sea Maritime Services understands that its employees are the backbone of its success. The company is dedicated to providing a supportive and dynamic work environment where employees are encouraged to grow, develop their skills, and contribute to the company's goals. SMS places a high priority on employee satisfaction, recognizing that motivated employees are key to maintaining operational excellence.

Employee Development Strategies:

- **Training Programs:** SMS offers regular training to employees at all levels. This includes technical training for operational staff, leadership development programs for managers, and continuous safety training for all personnel working on vessels or at ports.
- **Career Advancement:** SMS promotes from within, providing career progression opportunities to employees. Staff members are given the tools and support needed to develop their skills, advance in their careers, and take on leadership roles within the company.
- **Safety and Well-being:** SMS places a strong emphasis on employee safety and well-being. The company adheres to stringent health and safety standards in all operations and regularly conducts safety drills, ensuring that employees are well-prepared for emergencies.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Sea Maritime Services is deeply committed to making a positive impact on the communities in which it operates. The company supports various local initiatives and charitable programs aimed at improving the well-being of local communities and the environment.

Key CSR Initiatives:

- **Supporting Local Communities:** SMS supports community development programs, including education and healthcare initiatives. The company collaborates with local NGOs and government bodies to ensure that its operations contribute to the sustainable development of the communities where it operates.
- **Disaster Relief Efforts:** In times of natural disasters, SMS provides logistical support to aid relief efforts, ensuring that necessary supplies and resources reach affected areas in a timely manner.
- **Environmental Awareness:** SMS organizes awareness programs for both its employees and local communities about the importance of environmental protection and sustainability. These programs aim to inspire positive action and environmental stewardship.

By being a responsible corporate entity, SMS continues to build trust and goodwill within the community, ensuring that its operations positively impact both people and the planet.

ABOUT OUR PROPRIETOR

Joydeb Chandra Roy
Proprietor

It is my privilege to introduce SEA MARITIME SERVICES, a company built on the pillars of integrity, innovation, and excellence. As the Managing Director, I am proud to lead an organization that is not just a business entity but a driver of growth and development in our industry.

Good day and thank you for taking the time to learn more about Sea Maritime Services.

When we first began our journey in 2005, our goal was simple: to offer unparalleled maritime services that would elevate the shipping and logistics experience in Bangladesh. Today, I stand before you with immense pride in what we've achieved, and yet, with the realization that this is just the beginning.

At Sea Maritime Services, we have built our foundation on three core pillars: Trust, Excellence, and Sustainability. We understand that our clients' success is deeply intertwined with our own, and that is why we have dedicated ourselves to providing not just services, but comprehensive, customized solutions.

Our team is the heart of our success. It is their passion, expertise, and commitment that allows us to push boundaries, innovate, and rise above the challenges of an ever-evolving global shipping landscape. Every member of the Sea Maritime Services family is empowered to deliver exceptional results because we believe that great teams deliver great outcomes.

KEY AREAS OF GROWTH

- Fleet Expansion:** SMS plans to continue expanding its fleet, focusing on modern, energy-efficient vessels that can meet the growing demands of international shipping while adhering to environmental standards.
- Global Expansion:** The company aims to extend its reach into new international markets, particularly in Southeast Asia, the Middle East, and Europe. This will involve forming strategic partnerships with key players in these regions to offer seamless global logistics solutions.
- Technology Integration:** As part of its long-term strategy, SMS will further invest in digitalization and automation to improve operational efficiency, reduce costs, and enhance the customer experience.

CLOSING NOTE

As we close this profile of Sea Maritime Services, we look back at a journey defined by perseverance, growth, and a commitment to excellence. From our humble beginnings in 2005, we have built a legacy of trust, reliability, and innovation, offering a comprehensive suite of services that cater to the diverse and dynamic needs of our global clients.

But our work is far from over. As the maritime industry evolves, so do we. We are continuously adapting, expanding, and enhancing our capabilities to ensure that we remain at the forefront of the industry. Whether it's through investing in cutting-edge technology, embracing sustainability, or providing personalized solutions to our clients, Sea Maritime Services remains committed to the highest standards of service.

Looking ahead, we are excited for the opportunities that the future holds. Together with our clients, partners, and dedicated team members, we will continue to navigate the path to greater success, achieve new milestones, and contribute to a more sustainable, efficient, and connected world.

Thank you for being a part of our journey. The future of maritime logistics is bright, and we are proud to be sailing forward with you.
